#### Static versus Editable

Before you commission a website to be built, consider what you will want from it going forward. At their simplest, websites are online brochures for your business, but at their most complex, they can replace entire retail outlets. For many businesses a simple static presence is adequate, but if you think you will need to regularly update your site, it is definitely worth investing in a CMS build, which will offer you the ability to self-edit in the future.

### Professional Email

	.co.uk	.com	both
Domain name, hosting, holding page and up to 3 managed email addresses (2 yrs)	£25.00 (£12.50pa)	£35.00 (£17.50pa)	£50.00 (£25.00pa)

Please note: Purchasing your own domain name allows us to generate multiple email addresses for you. The price quoted allows for up to 3 different email addresses per domain name. Additional emails may be created and managed for £2.50 each for 2 years. You will also receive a free holding page, which is like having a business card on the world wide web. Later, if you wish, this can be expanded into a complete website.

#### How Secure is your Email?

It is essential to have your own email address generated from a domain name which you own. Third party email addresses such as Hotmail, Gmail etc can be taken away from you, and then all the money spent on your promotion to date will be wasted. Don't wait until you are ready to build your website to buy your domain name, let us buy it for you now, protect your name and use it to your advantage in the mean time.

### Online Office

	Hourly	Basic Package

Why use software that was designed for someone else? As long as you have a smart phone or tablet and an internet connection, you can pop in to your office wherever you are.

### Online Databases

	Hourly
Bespoke databases - accessible online	£50.00

We can build a system of related databases that will store and retrieve your data for you effortlessly. Accessible anytime, anywhere, providing you have a smart phone or tablet and an internet connection.

### Mobile Friendly Web Applications

	Hourly
Bespoke mini-systems - perfect for Smart Phones	£50.00

We can build a system for recording and displaying your data on the go.

#### Mobile Office

Even if you hate computers and admin, we can build you a mini system, that just stores and tracks the basics for you, as easily as making a phone call. Whatever your business or trade, we can design and build a system, just for you, that allows you to record your income, expenditure and appointments. This information can then be downloaded by your accountant in a simple spreadsheet format, in order to produce your tax returns. If you can use a smart phone, you can use this system.
